Welcome to Auxiliary Online Learning  
Coast Guard Auxiliary Online Classroom

The member-training portal known as the "U.S. Coast Guard Auxiliary Virtual Classroom" has moved to a new location, and is now called the [Coast Guard Auxiliary Online Classroom](#).

The new link (URL) to the Online Classroom is <http://classroom.cgaux.org>.

Please note:

- All content at the Virtual Classroom site has been migrated to the new location.
- Users with a history have been migrated to the new location.
- Users with new and permanent accounts should log in to the new location.
- Members, member training officers, and unit webmasters should check all bookmarks, links, or other references to the old Virtual Classroom to the new site and address.
- Support is available via the National Help Desk at <http://help.cgaux.org>.
- Members should note that the Auxiliary Mandated Training Program courses referenced in ALAUX 011/11 (*Ethics, Sexual Harassment Prevention, et al.*) are not available in AUXLMS (please see the AUXLMS message below).

**Auxiliary Learning Management System (AUXLMS) is now available**

The Coast Guard is committed to supporting the Coast Guard Auxiliary by providing training materials, courses, and tools to impart the skills and knowledge needed to achieve mission excellence. As part of this commitment, Auxiliary Learning Management System (AUXLMS) is a

US Department of Defense Warning Statement

You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only. By using this IS (which includes any device attached to this IS), you consent to the following conditions:

- The USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.
- At any time, the USG may inspect and seize data stored on this IS.
- Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG-authorized purpose.
- This IS includes security measures (e.g., authentication and access controls) to protect USG interests--not for your personal benefit or privacy.
- Notwithstanding the above, using this IS does not constitute consent to PM, LE or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential. See User Agreement for details.

**IMPORTANT:** Prior to taking a course or if you have issues **completing** the course, please refer to these Knowledge Base articles located [here](http://help.cgaux.org/index.php?Knowledgebase/List/Index/26/auxlms) (direct link: <http://help.cgaux.org/index.php?Knowledgebase/List/Index/26/auxlms>).

CATALOGS (0) COURSES (3)

 **502325 Incident Command System (ICS 210)**

This course prepares Type 4 Incident Commanders and First Federal Officials On-Scene to operate as single resource leaders in a Type 4 or Type 5 incident. Type 4 Incident Commanders could include coxswains, aircraft commanders, boarding officers, pollution responders, facilities inspectors, and command center staff.

 **502829 Federal Cyber Awareness Challenge**

The CyberAwareness Challenge training is replacing the USCG Information System Security (ISS) MT-810010 course. The course presents information assurance (IA) and information systems security (ISS) awareness instructional topics through first-person simulations; allows the user(s) to practice and review IA/ISS policies & concepts in a virtual & interactive manner. The information systems user roles and responsibilities of protecting government systems and data are explained in the introduction.

 **RVE 2014 Vessel Examiner Required Annual Workshop (RVE)**

This purpose of this required workshop is to provide refresher training for Vessel Examiners to include current and new requirements and provide practical and relevant knowledge to assist in serving the boating public. This activity focuses on four areas: Process and Procedures, Conducting the VSC, Paddle Craft, and Operational Facilities.

## RVE 2014 Vessel Examiner Required Annual Workshop (RVE)

### Course Description

**Overview:** This purpose of this required workshop is to provide refresher training for Vessel Examiners to include current and new requirements and provide practical and relevant knowledge to assist in serving the boating public. There are 4 sections to this course and each section has a brief review quiz:

- Process and Procedures
- Conducting the VSC
- Paddle Craft
- Operational Facilities

Users must complete each section and its quiz before moving to the next section; in addition, users must achieve an overall score of 80% or better to pass the course. Upon completion, the system will provide a final score. If a user does not pass the course with 80% or better, the user can retake the course until achieving the passing score. Scores and completion status will be sent to AUXDATA to ensure credit is recorded for this training.

**Frequency:** This course must be completed by all Auxiliary Vessel Examiners by 31DEC14.

**AUX Course Code:** RVE

**Please Note:**

- A high speed/broadband internet connection is recommended to take this course and to allow time for the course content to download (buffer) effectively.
- Also, the whole presentation must be downloaded to the learning management system (LMS) to complete on your transcript.

Lesson	Type	Status	Score	Action
1. 2014 Vessel Examiner Required Annual Workshop		Not Attempted	-	

Click Here to Launch the workshop

Click on the go button once again

### Running Courseware.

do not close this window.  
Use the 'Back' button on your browser.  
Use the 'Refresh' button on your browser.

This will launch the workshop in a separate window

Press the Play button to begin training.

Simply press the play button in the middle of the window to begin. It may take a few moments before the video begins because the system needs to buffer. This will depend on your internet connection speed.

If you wish, you may pause the video player using the controls.

**Note:** this course contains four quizzes. You must pass with an 80% or better and you must complete the course to the end.

**Warning:** if you attempt to "fast forward" to just the quizzes, the system will retain your score, but will not give you a passing completion grade.

It is advisable that you plan to complete this course in one attempt. If you log out and try to finish later, the work that you have completed may not be saved.

After you complete each quiz, you will have the option to review the answers before continuing to the next lesson.

My Account > RVE 2014 Vessel Examiner Required Annual Workshop (RVE)
